

Early Years Teacher iLEAD International School

In its mission iLEAD is an international, secular non-sectarian school that offers high quality early childhood to primary education incorporating both an international and national curriculum for children aged two and above. Our programs are delivered in English and Khmer to empower our students to develop themselves, fulfil their potential and achieve success in Cambodia and abroad.

iLEAD International School's vision is:

Inspiring confidence, integrity, self-discovery and the pursuit of excellence in every child.

iLEAD International School is a social enterprise. It also functions as a centre of training and resources for the teachers of the free-of-charge rural community preschools that Aide et Action Cambodia runs as a part of its early childhood care and education program. All profits generated from the school are contributed towards sustaining and expanding the rural community preschools. The goal of iLEAD International School's centre of training and resources is to provide access to and improve the quality of education that is delivered in Cambodia's remote and poor communities.
